May 2023

Important Updates

If you need help, please call: 1-800-660-4427

The Public Health Emergency ended on May 11, 2023. This means the COVID Payment option will end.

GOOD NEWS: under a new rule, parents and legally responsible adults can still be paid for providing personal care. This is now a permanent option when support is not available from a personal care attendant.

Starting now, please use the new reporting forms included with this letter. If you have questions about the forms, please contact ARIS 1-800-798-1658.

COVID payment forms are being phased out. No payments will be made using the COVID payment forms received by ARIS Solutions after July 3, 2023.

The Children's Personal Care team will provide you with additional information about these changes in the coming weeks.

Important: these payments are a form of taxable income and may impact eligibility for other benefits programs.
