)  
Docket No. MPS 092-0616

ORDER

On August 2, 2017, Petitioner Christine Mary Staats, MD, entered into a non-disciplinary Order with the Board that provided conditions for her return to the practice of medicine. In accordance with the Order, Dr. Staats now petitions for the removal of the conditions imposed by that Order and requests that she be granted an unconditioned license to practice medicine.

Upon the recommendation of the South Investigative Committee that Dr. Staats's petition should be granted, it is so ordered. The Board finds that Dr. Staats satisfied the conditions and met the requirements for removal of those conditions. As such, Dr. Staats's petition is hereby approved and she is granted an unconditioned license effective the date of this Order.
